Thank you for joining us for Jazz at the Ranch. We are thrilled to host you for this special event.

Rancho Cielo is about hope and opportunity. Our campus provides a safe and affirming environment where students can build the skills they need and find their path to a bright and prosperous future. Since Rancho Cielo was established in 2000, we have aimed to enrich the lives of all the youth who walk through our gates, helping them break the cycle of poverty, earn a sustainable living wage, and achieve health, happiness and economic freedom.

This weekend, you will be entertained by world-class musicians in our intimate Sally Hughes Church Amphitheater. The sightlines of the Salinas Valley are incredible, and all audience members have the rare opportunity of enjoying the show up close and personal.

Proceeds from this event benefit our Arts and Mental Health Programs, which are part of the services and resources we offer to support students' health and well-being. Studies show that supporting a student's essential needs significantly improves their chance of success, short and long term. We are thankful to you for joining us in these efforts.

We are also grateful to all our sponsors, food and beverage partners, volunteers and staff, for not only helping make Jazz at the Ranch a success but also making the dreams of so many young people a reality. Giving never sounded so good.

Enjoy,

Chris Devers *CEO, Rancho Cielo*

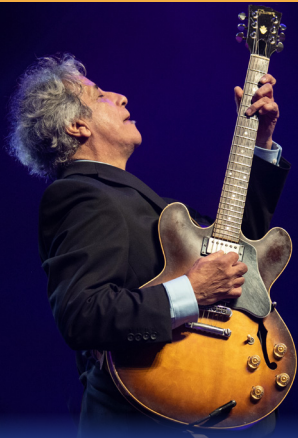

Thank You for Supporting Rancho Cielo's Arts and Mental Health Programs

Our students are no strangers to adversity, and many have faced incredible hardship, from incarceration to hunger and poverty, before finding their community at Rancho Cielo. Via partnerships with Harmony at Home and Monterey County Behavioral Health, we have onsite mental health professionals who provide students individual counseling, addressing emotional distress, trauma and other challenges. Our Arts Program introduces students to creative forms of self-expression through various art mediums and techniques. Importantly, both programs play a powerful role in healing, exploring feelings and processing experiences while developing self-awareness, resilience and a positive sense of self.

Each year, we evolve our programs to ensure they are relevant and targeted to support our students' needs and success. Your generosity helps us continue to provide these vital services, opportunities and life-changing experiences alongside academic and vocational education.
